

# Rahul Kumar

Junior full stack developer focused on building accessible digital experiences. I excel in designing and maintaining responsive websites with smooth user experience.

## Experience

Software Engineer Intern, SALESINE, April 2024 — Present

As a SDE Intern @Salesine, I will learn about creating WebApps using the technology of Nextjs and Vuejs and how to create a complete structure of an application.

Web Development and Designing Intern, TECH-A-INTERN, April 2024 — May, 2024

As an Intern @TechAIntern, I will learn about web design and creating responsive websites .

Full Stack Developer Intern, BHARAT INTERN, Mar 2024 — April 2024

As a FSD, I have created three Full Stack Web Apps such as My Blog App, Money Tracker App, Registration Form and Improved my skills.

## Education

Punjabi University, P.G.D.C.A. — 2020 - 2021

Punjabi University, B.Sc. (Computer Science) — 2017 - 2020

## Relevant Projects

Task Manager App –[Github] [Github]

[Nextjs, Vuejs, REST API, Tailwind CSS, Mongoose, Bcryptjs, JWT, Awesome-Toast-Component]

- Crafted a task manager app platform using Vuejs as a Frontend, TailwindCSS and Nextjs as Backend, featuring completed task, pending task and creation of new task.
- Integrated the User Login and SignUp as well.

ਮਦਿਰੀ App - [Github] [Linkedin] [Live]

[React, React-Redux, Redux Toolkit, React-Router-Dom, Context API, Tailwind CSS, Swiggy API, Parcel]

- Led the creation of a Food ordering app, user-friendly interfaces, and a lot of features.
- Integrated React for efficient data fetching, while leveraging Redux-Toolkit with React-Redux for state management and TailwindCSS for creating beautiful cards for items.

My Blog App - [Github] [Linkedin]

[React, React Quill, Tailwind CSS, Node, Express, Mongoose, Multer, JWT, Bcrypt]

- Led the creation of a Blog app, user-friendly interfaces, and a lot of features.
- Integrated React for efficient data fetching, while leveraging Express with JWT and Mongoose as a Backend for streamlined development, including authentication, database, and Multer for accessing Pictures.
- Designed and implemented key functionalities such as Create, Edit and Writing the Content with different Styles and Formats using React Quill.
